REMARKS

The Examiner has requested that a single sequence search motif be elected as a species. In response to this request, Applicants herein elect the ALLMOTI5 sequence search motif species. Applicants estimate that Claim 9 reads on the species election.

Claim 14 has been canceled without prejudice to the Applicants' right to pursue the subject matter recited in the claim at a future date. Further, the title has been amended to reflect the focus of the instant application.

Entry of the foregoing amendments and remarks is respectfully requested.

Respectfully submitted,
